Gross Weight:	19.18 lb
Height (with packaging):	3.94 inch
Length (with packaging):	48.03 inch
Width (with packaging):	16.54 inch

DESCRIPTION

The MG120 is a compact, non-foldable gangway ramp designed for safe and stable boarding in marine environments. At just 4 ft in length and 16 in wide, it is perfectly suited for short access points on boats and yachts where space is limited. Built from premium seawater-resistant aluminum, it combines lightweight portability with long-lasting durability. A sturdy non-slip surface ensures safe footing, while the included handrail provides added security and confidence during use. With a 330 lb weight capacity, the MG40-H delivers practical reliability in a simple, ready-to-use design.

Gross Weight:	57.32 lb
Height (with packaging):	6.3 inch
Length (with packaging):	37.4 inch
Width (with packaging):	31.5 inch

DESCRIPTION

The WG6 is a foldable wheelchair access ramp engineered to provide safe, stable, and convenient accessibility. Measuring 6 ft in length and 30 in wide, it is ideal for navigating steps, thresholds, and raised entryways. Built from durable aluminum, the WG6 supports loads up to 660 lbs while remaining lightweight and resistant to rust. The integrated dual handrails offer added safety and stability for users, while the foldable design ensures compact storage and easy transport. Designed with a non-slip surface for secure footing.
