DESCRIPTION

The MG200 Safe Boat Access Ramp – Disabled & Limited Mobility is a premium foldable aluminum gangway, meticulously engineered for yachts and sailboats. Lightweight yet exceptionally strong, it offers effortless handling at only 25 lbs while supporting up to 330 lbs of load capacity, delivering uncompromising stability and safety. Crafted from seawater-resistant, high-grade aluminum, the MG200 is built to endure the harshest marine environments. Designed with a non-slip surface, integrated 4 in. wheels, an anchoring socket, and rope-ready eyelets for the included handrail system, it ensures secure and elegant boarding every time — making it especially suitable for individuals with limited mobility. A symbol of trusted German craftsmanship, the MG200 represents the highest standard of durability, precision, and long-term performance — the ultimate boarding solution for discerning yacht owners.
