Width (with packaging): **16 inch**

DESCRIPTION

Enhanced Strength and Stability: We prioritize your safety by using thicker gauge materials, ensuring our products offer unparalleled strength and increased stability. Specialized Expertise: With years of dedicated experience, we specialize in the production of ladders and ramps. Our commitment to excellence is reflected in every product we create. German Craftsmanship: As a German brand, we pride ourselves on precision and reliability. We stand firmly behind our products, providing long-term support and assurance. Premium Quality Materials: Our products are crafted from the highest quality aluminum, guaranteeing robustness and longevity. Your satisfaction and safety are our top priorities.

how to say better the following text? : This indispensable product not only prevents back pain but also accelerates the loading and unloading process. Crafted from high-strength anodized aluminum, it features an ultra-non-slip surface for added safety. The ramp is thoughtfully designed with a comfortable and durable integrated carrying handle, ensuring convenience and resilience in every use. Enhanced with anti-skid features, these feet are ideal for use on grates, in various jobsite environments, or even at home and in the garage. They are the optimal selection for tasks demanding regular climbing and extended periods of standing. Specifically crafted to cater to the requirements of professional and trade users, each step is equipped with a grooved anti-skid surface for maximum safety and stability. Max recommended working height: 2'9" ., This product is made of high density aluminum., Maximum load capacity: 600 lbs., Ramp length: 10' ., Ramp width: 2'5" ., Weight: 57 lbs., Ramp dimensions when folded: 4'11" x 1'2" x 9" ., Supplied with a set 2 of middle support legs. This ramp features Built In Flex Technology TM., Covered with Special Antislip Surface This ramp folds up very easily., Additional safety features: grooved/ribbed surface provides excellent grip even during moist/rainy weather conditions. Safety locking pins (attached to each side of the ramp) allow the possibility to anchor the ramp in place (if required) and also helps to maintain the ramp in folded state when not in use. Material: high purity grade anodized aluminum, highly resistant to corrosion and will withstand multiple harsh weather elements. Ramps are designed and suitable for outdoor & indoor use., Comfort features: Ramp is equipped with heavy duty carry handle. Ergonomic folding ensures ease of transportation and storage.
