FEATURES

Gross Weight:	59 lb
Height (with packaging):	43 inch
Length (with packaging):	7 inch
Width (with packaging):	32 inch

DESCRIPTION

Max recommended working height - 22 in., This product is made of high quality aluminum (EN-131 and CE standards)., Maximum loading capacity: 882 lbs., Product features and dimensions: Length unfolded: 6 ft. 9 in. Width: 30.7 in. Weight: 53 lbs Dimensions when folded : 41.4 in x 5.5 in. x 30.7 in. The heavy-duty aluminum foldable ramp is a valuable asset, offering both strength and convenience. Constructed from durable aluminum, it ensures reliable support for heavy loads, while its foldable design enhances practicality for storage and transport. The non-slip surface provides added safety, preventing potential injuries by ensuring secure footing during use. The inclusion of a convenient carry handle further enhances its usability, making it easy to transport and deploy wherever needed. This ramp is a reliable solution that prioritizes safety and ease of use, making it an essential tool for various applications., Its practicality shines in applications such as loading and unloading heavy equipment, providing wheelchair accessibility, or facilitating seamless transitions in industrial and commercial settings.
