FEATURES

Peso Bruto:	40.34 lb
Altura (con embalaje):	6.69 inch
Longitud (con embalaje):	40.94 inch
Anchura (con embalaje):	24.8 inch

DESCRIPTION

The MG24 is a lightweight and durable marine gangway ramp designed for safe and easy boarding on boats and yachts. Built from seawater-resistant aluminum, it combines strength with portability, supporting up to 330 lbs. Its foldable design allows for compact storage and effortless handling, while the non-slip surface ensures secure footing in all marine conditions. Perfect for leisure craft and sailing vessels, the MG24 reflects German engineering excellence, delivering reliability, safety, and convenience for long-term use at sea.
