DESCRIPTION

The MG120 is a compact, non-foldable gangway ramp designed for safe and stable boarding in marine environments. At just 4 ft in length and 16 in wide, it is perfectly suited for short access points on boats and yachts where space is limited. Built from premium seawater-resistant aluminum, it combines lightweight portability with long-lasting durability. A sturdy non-slip surface ensures safe footing, while the included handrail provides added security and confidence during use. With a 330 lb weight capacity, the MG40-H delivers practical reliability in a simple, ready-to-use design.
